

# **15MWh Argentine Mobile Energy Storage Container for Port Use**

## Overview

---

How many MW of battery energy storage will be deployed in Buenos Aires?

The initiative aims to deploy 500 MW of battery energy storage systems (BESS) in the Greater Buenos Aires Area (GBA), but the submitted capacity has far exceeded expectations—reaching a combined 1,347 MW.

Can battery energy storage modernize the grid in Argentina?

The. Argentina's ambitious push toward grid modernization through battery energy storage has received an enthusiastic response, with CAMMESA (Compañía Administradora del Mercado Mayorista Eléctrico) confirming the submission of 27 project proposals from 15 companies under its AlmaGBA program.

What is the Argentinian government's almagba tender process?

The Argentinian government opened the bids this week for its AlmaGBA tender process. The international tender, first announced in February, aimed to secure 500 MW of energy storage capacity for critical points in the Buenos Aires Metropolitan Area (AMBA) grid. In a strong show of interest, 15 companies submitted 27 different project proposals.

Will Argentina integrate new electricity storage infrastructure into urban distribution networks?

This national and international open call, part of Resolution SE 67/2025, marks Argentina's first large-scale effort to integrate new electricity storage infrastructure into urban distribution networks.

## 15MWh Argentine Mobile Energy Storage Container for Port Use

---

Mobile energy storage technologies for boosting carbon ...

Nov 13, 2023 · Compared with traditional energy storage technologies, mobile energy storage technologies have the merits of low cost and high energy conversion efficiency, can be flexibly ...

---

Argentina's first energy storage tender receives 1,347 MW of ...

Jul 17, 2025 · The Argentinian government opened the bids this week for its AlmaGBA tender process. The international tender, first announced in February, aimed to secure 500 MW of ...
