

80w solar panel specifications

Overview

What is an 80 watt solar module?

An 80 watt solar module is a high efficiency monocrystalline solar module, as in the GP-PV-80M Solar Module from Go Power!, which provides outstanding performance and cost-effective solar power for residential, commercial and industrial applications.

How many watts does an 80W solar panel produce?

So you need a 80 watt solar panel. Its mean, you need 480 watts for 4 hours where 80W solar panel will produce 480 Watts as sunshine is 6 hours. To know the battery bank, inverter and charge controller size for this system, see the link in the foot-note. Key Point: The above calculations are based on Ideal case.

What is a GP-pv-80M solar module?

The GP-PV-80M Solar Module from Go Power! is a high efficiency monocrystalline solar module that provides outstanding performance and cost-effective solar power for residential, commercial, and industrial applications. It features a 25-year limited power output warranty and is built to last.

What devices can be powered by an 80W solar panel?

An 80W solar panel can power notebook computers, smartphones, and other small devices. However, it is not sufficient for appliances like refrigerators, microwaves, and washing machines.

80w solar panel specifications

80W Monocrystalline Solar Panel Professional DC-80

The Ultra high efficiency 80W DC-80 solar panel, with our top of the range monocrystalline silicon cells, is designed for both industrial and residential off-grid including the marine community, ...

Monocrystalline Solar Panel 80W PMS80W Datasheet

Nov 9, 2018 · Low-light Performance Advanced glass and solar cell surface texturing allow for excellent performance in low-light environments.

80W

Aug 11, 2024 · Rigid Solar Panel Developed to meet higher energy demands, the 80W rigid solar panel is suitable for powering higher power consumption devices including 12V TVs and 240V ...

80 watt Solar Module

2 days ago · The GP-PV-80M Solar Module from Go Power! is a high efficiency monocrystalline solar module that provides outstanding performance and cost-effective solar power for ...

NE-80EIU Solar Specification Sheet

Sep 13, 2016 · High-power module (80W) using 125mm square multi-crystal silicon solar cells with 12.60% module conversion efficiency. Photovoltaic module with bypass diode minimizes the ...

Mono-Crystalline 80W Solar Panel

Jan 17, 2018 · Temperature Coefficients of Voc: -0.35% Temperature Coefficients of Isc: 0.043% Nominal Operating Cell Temperature (NOCT): 47+/-2°C Materials of solar panel 1).Solar Cell-- ...

80W Solar panel specifications

Jul 9, 2018 · 80W Solar panel specifications Our range of solar panels are constructed from ultra-efficient polycrystalline and have been designed to provide a reliable and cost-effective ...

Cinco 80W Solar Panel

Specifications Rating: 80W Efficiency: 15.5% Width: 680mm Height: 760mm 36 Cell Polycrystalline Solar Panel Rigorous quality control meeting highest international standards ...

80W Monocrystalline Solar Panel Professional ...

The Ultra high efficiency 80W DC-80 solar panel, with our top of the range monocrystalline silicon cells, is designed for both industrial and residential ...

80 watt Monocrystalline silicon solar module, 30 watt solar ...

Mar 22, 2025 · Product Description Monocrystalline silicon solar module with high transmittance, high strength and durability. High efficiency monocrystalline solar cells. Glass thickness: ...
