

Add solar panels

Overview

Can I add solar panels to my existing solar system?

It's amazing to see the flexibility of the solar systems and how easy it is to add panels to an existing system in the solar world. The company quoted promptly and favorably for the additional panels.

How do I get more solar panels on my roof?

Working with your original solar installer is the best way to get more panels on your roof. Your initial installer will be comfortable with your system, know which permits you must apply for when adding panels, and what equipment will pair best with your existing system.

Can I add more solar panels if my roof is old?

Do not add more solar panels to your system if your roof is old, it is a leased system, or if you do not have enough roof space for extra panels. Contact your original solar installer to add more panels to your system. Why add solar panels to an existing solar system?
