

Anman solar container lithium battery solar street light

Overview

AN-SLZ is an all-in-one integrated solar street light that integrates high-power solar panels, large-capacity batteries, high-brightness Bridgelux LED chips, PIR human sensing modules and so on. What is an-SSL-T Series Solar street light?

AN-SSL-T series all in two solar panel street light is the newest cost-effective semi split type solar street lamp designed by Anern. Adopt lifepo4 lithium battery pack, high lumen 3030SMD light source, larger battery box and battery voltage can be customized 3.2V&12.8V.

What makes anern a good solar street light manufacturer?

Anern, a mature solar street light manufacturer, has our own factory with more than 10 years of manufacturing experience, which strictly controls and guarantees the quality of led solar integrated lamps such as 60w integrated solar street light and 80w all in one solar street light to meet your high requirements for the project.

What is anern SLZ all-in-one solar street light?

Anern factory covers an area of more than 30,000 square meters, and the supply capacity can fully meet any needs of customers. Anern SLZ all-in-one solar street light integrates high-power solar panels, large-capacity batteries, high-brightness Bridgelux LED chips, and so on. 40w, 60w, 80w, 100w, 120w, 150w for your choice.

Does anern have a solar street light?

As a professional solar light supplier, Anern has a different type of solar street light to meet international standards of highway road, or rural road, always has one option for you. What are the main type of solar panel and battery used in the solar panel street light?
