

Arc flash switchgear for sale in Calcutta

Overview

Are arc flash accidents common in electrical installations?

Schneider Electric India. Arc flash accidents in electrical installations are rare but severe. Ensure electrical safety at your workplace with our arc fault protection solutions.

What arc flash mitigation solutions does Schneider Electric offer?

We offer a variety of arc flash mitigation solutions, such as switchgear, software, and circuit breakers, for both passive and active arc flash protection. Our systems comply with the National Fire Protection Association (NFPA) 70E: standard for electrical safety in the workplace. Need help?

Where to buy?

Schneider Electric India.

What is an arc flash?

An arc flash is an electrical accident that creates a high-temperature explosion. It can vaporize surrounding metal, set fires, and result in severe burns. Although rare, arc flashes can have grave consequences so you need to ensure your people and site are always protected.

How can arc flash mitigation help?

The type of equipment specified, and where in an electrical system it's installed, can significantly reduce the duration and threat of an arc flash incident. We offer a variety of arc flash mitigation solutions, such as switchgear, software, and circuit breakers, for both passive and active arc flash protection.
