Astana Network Cabinet Uninterruptible Power Supply

Overview

What is a rackmount uninterruptible power supply?

Rackmount uninterruptible power supplies include single-phase server rack UPS systems from 500VA upwards and supplied ready for installation into a server rack or 19inch cabinet. The batteries may be internal or supplied in a rackmount battery tray. Long battery runtimes may require additional trays or floor standing battery cabinets.

What is a cabinet supported cold aisle containment (CAC) solution?

The Cabinet Supported Cold Aisle Containment (CAC) Solution features a cabinet supported ceiling that is used over a contained cold aisle as part of a closed cold air delivery system. This solution integrates with perimeter cooling and provides immediate improved cooling efficiency by separating hot and cold air within the room.

What is a ul 2416 rated cabinet?

The cabinet body delivers exceptional strength and rigidity. The UL 2416 Listed 300 lb (136 kg) load-rating provides tested support for heavier equipment. For an updated look with a robust, high-quality viewing panel, the front door has an optional tempered glass window.
