# Australia single-phase string grid-connected solar inverter

## Overview

---

Who makes a single phase solar string inverter?

Solution and service by Deye - professional single phase string inverter manufacturer. Deye is leading single phase inverter manufacturer. This Single Phase on-grid solar string inverter is applicable to single and multiple alignments rooftop. Maximum power models at Deye Inverter.

Who makes the best solar string inverter?

We review the best grid-connect solar inverters from the worlds leading manufacturers Fronius, SMA, SolarEdge, Fimer, Sungrow, Huawei, Goodwe, Solis and many more to decide who offers the highest quality and most reliable solar string inverters for residential and commercial solar.

What are 'string' solar inverters?

This review focuses on common 'string' solar inverters, the most popular type. These inverters use one or more strings (groups) of solar panels connected in series. String solar inverters are the most common type used in the UK, Europe, Australia, and Asia. They are also growing in popularity in the US, where microinverters are extremely popular.

Which solar inverter should I buy in Australia?

The SG8K-D Premium is an excellent choice for homeowners in Australia looking for a high-performance, reliable, and user-friendly inverter for their residential solar system. Here's a breakdown of its suitability: Ideal for: Homes with a rooftop solar panel system capacity between 6kW and 8kW.
