

# **BESS Cebu Philippines outdoor power equipment**

## Overview

---

Is Aboitiz Power Building a hybrid battery energy storage system in Cebu?

MANILA, Philippines — Aboitiz Power Corp. is building a 30-megawatt hybrid battery energy storage system (BESS) project within the Mactan Economic Zone in Cebu. Slated for commissioning in the first half of 2026, the project is poised to become one of the first large-scale energy storage systems in Central Visayas.

What is Aboitiz Power's Bess project?

The proceeds from the issuance will be used for refinancing and early redemption of existing corporate debt. MANILA, Philippines — Aboitiz Power Corp. is building a 30-megawatt hybrid battery energy storage system (BESS) project within the Mactan Economic Zone in Cebu.

Will EAUC be the first large-scale energy storage system in Central Visayas?

Slated for commissioning in the first half of 2026, the project is poised to become one of the first large-scale energy storage systems in Central Visayas. It will be developed through East Asia Utilities Corp. (EAUC), a wholly owned subsidiary of AboitizPower. Financial details have yet to be disclosed.

How will a large-scale energy storage system benefit Central Visayas?

Targeted for commissioning by the first half of 2026, the project will be one of the first large-scale energy storage systems in Central Visayas. It is expected to help improve the reliability of the power supply amid rising demand from industries, businesses, and new locators within the economic zone.
