Berlin New Energy Storage

Overview

How is a battery energy storage system (BESS) reimagining a business model?

It is in some ways replicating the business model it has used in the UK, Italy, Australia and Sweden so far—entering equity investment and joint development agreements with local development partners to embark on large-scale battery energy storage system (BESS) projects in strategic locations.

What is the Energy Storage Summit EU?

The Energy Storage Summit EU, hosted by our publisher Solar Media, takes place in London, UK, this week (18, 19 February). Visit the event site for more details including agenda and how to get tickets. Across two packed days, the Summit focused on three core themes: revenue & trading, the lifecycle of the battery, and optimisation tools.

Does BW ESS have a development pipeline for Germany?

While BW ESS is in the process of creating a development pipeline with its partner MIRAI Power and has not yet finalised its model for Germany with regards to how projects will be contracted for with offtakers, Roberto Jimenez said the developers will likely be looking for ways to secure contracted revenue.
