

Bess system for solar factory in Manila

Overview

How is Bess transforming the Philippine energy industry?

With the commercial operations of approximately 1,000 MW of BESS facilities across 32 locations in the Philippines, we are now ushering in a new era for the Philippine energy industry through significant improvements in grid reliability and the integration of more renewable power sources to the country's diverse energy mix.

What is Bess & how does it work in the Philippines?

For commercial and industrial companies in the Philippines, BESS provides an opportunity to take control of their energy usage. These systems consist of high-capacity lithium-ion batteries and sophisticated energy management software.

Can battery energy storage systems be deployed in the Philippines?

In the Philippines, battery energy storage systems are still in their nascent stages. While policies like the inclusion of Integrated Renewable Energy and Energy Storage Systems (IRESS) in national auction programs have been put in place, actual deployment faces significant hurdles.

How many Bess facilities are there in the Philippines?

SMC Global Power is operating 32 BESS facilities across the Philippines, spread across the regions of Luzon, Visayas, and Mindanao.

Bess system for solar factory in Manila

Battery Energy Storage Systems In Philippines: A Complete ...

2 days ago · What Are Battery Energy Storage Systems? Battery Energy Storage Systems, commonly known as BESS, are advanced energy storage solutions designed to store ...

Huawei to provide 4.5GWh BESS for Philippines Terra Solar ...

Dec 10, 2024 · Philippines president Ferdinand Marcos Jr at the project's groundbreaking, 21 November. Image: Presidential Communications Office of the Philippines. China ...

Impacts of the transition to Net Zero Technologies

Jun 6, 2025 · 6. Green Energy Auction - Round 4 The Philippines' Department of Energy (DOE) has launched the fourth round of its Green Energy Auction (GEA-4), aiming to add 9,378 ...

Meralco taps Huawei for world's largest solar, battery facility

Dec 6, 2024 · Terra Solar Philippines Inc. and Huawei International have joined forces to deliver the world's largest integrated solar photovoltaic (PV) and battery storage facility, the MTerra ...

How Solar with BESS Powers Businesses in the Philippines

Nov 20, 2025 · The Philippines gets plenty of sunshine, with over 2,000 hours a year on average, making it a prime spot for solar power. Many businesses here are already tapping into that ...

Battery Energy Storage System

Leading the Philippine energy industry with BESS We started our venture into battery energy storage technology in 2018 when we acquired the 10 MW Masinloc Battery Energy Storage ...

Actis invests in massive Philippines 3.5GW PV & 4.5GWh BESS ...

Sep 12, 2024 · Investor Actis has entered a strategic partnership with Manila Electric Company (Meralco) and its subsidiary, Solar Philippines New Energy Corporation, to invest in the Terra ...

Battery Storage System In The Philippines Fast-Tracked

Jul 29, 2025 · The Philippines' Journey Towards Battery Storage In the Philippines, battery energy storage systems are still in their nascent stages.

How Solar with BESS Powers Businesses in the ...

Nov 20, 2025 · The Philippines gets plenty of sunshine, with over 2,000 hours a year on average, making it a prime spot for solar power. Many ...

MGEN Advances World's Largest Solar-BESS Project, Trains ...

May 20, 2025 · Gen Corporation (MGEN), has achieved 42% overall progress on its flagship

MTerra Solar project, the largest integrated solar and battery energy storage system (BESS) ...

Actis invests US\$600m in a 3.5 GW solar + BESS project in ...

Sep 11, 2024 · The investment firm Actis has signed a strategic partnership with Manila Electric Company (Meralco), the Philippines' largest distribution utility, and its subsidiary, Solar ...

Meralco taps Huawei for world's largest solar, ...

Dec 6, 2024 · Terra Solar Philippines Inc. and Huawei International have joined forces to deliver the world's largest integrated solar photovoltaic ...
