They come in different sizes, capacity, and features, some powering larger appliances like refrigerators or power tools. More people are opting for portable power stations as an alternative power source for outdoor activities, emergency preparedness, and off-grid living. What is a solar generator?

Why do people use portable power stations?

More people are opting for portable power stations as an alternative power source for outdoor activities, emergency preparedness, and off-grid living. What is a solar generator?

A solar generator is a subcategory of portable power stations.

Is the elechive 2200 a good power station?

The ElecHive 2200 weighs -20% less and is -30% smaller than other comparable power stations on the market. This makes it very portable despite having a large battery capacity. Higher capacity batteries are often large and heavy which makes them less portable and versatile. This is not the case for the ElecHive 2200.
