# Best solar power station for home supplier

## Overview

---

**How We Selected and Tested** To pick the best solar generators, we tested some of these power stations for charging capacity, ease of use, weight, and different use cases.

Which solar power station should I buy?

Each unit I've selected here accepts both mains and solar charging for those who need reliable off-grid power supply. With over 40 top-rated power stations tested, my overall pick is the EcoFlow Delta 3 Plus. It's a great all-rounder with a decent 1024Wh battery capacity suitable for general use at home, in the car, and on job sites.

What is a portable power station?

A solar generator is a portable power station that supports solar panel input. They are often used interchangeably, but not all power stations come with solar panels. How long does a portable power station last during an outage?

Run time depends on capacity and load.

Which power station should I buy?

With over 40 top-rated power stations tested, my overall pick is the EcoFlow Delta 3 Plus. It's a great all-rounder with a decent 1024Wh battery capacity suitable for general use at home, in the car, and on job sites. In our review, we liked the fast charging, port selection, and the UPS with a 10ms switchover for continuous power.

What is the best portable power station for home backup?

Key Details: Need something that grows with your power needs?

The Jackery Explorer 2000 Plus kit is hands-down the best expandable portable power station for home backup. The base unit plus one expansion battery already delivers over 4kWh, and serious users can push that all the way up to 24kWh with parallel stacking.
