

# **Boston New Energy Storage**

## Overview

---

How much energy storage does Massachusetts have?

The act requires all electric distribution companies (EDCs) to report annually on energy storage deployment within their territories no later than February 15 each year. It was reported last year that Massachusetts had a cumulative storage capacity of 569MWh, with an additional 8,806 MWh in the development pipeline.

How much does extra space storage cost in Boston?

At Extra Space Storage, we want you to have access to your belongings when it best fits your schedule. How much do storage units in Boston, MA cost?

You can expect one of our most popular sizes, like a 5x5 storage unit, to start as low as \$7 and average \$44 per month in Boston, MA.

Will Flatiron energy install a 300 MW battery energy storage system?

ISO New England has given the thumbs up to a project proposed by Flatiron Energy and envisaging the installation of a 300-MW/1,200-MWh battery energy storage system (BESS) in Boston, Massachusetts. Battery energy storage system. Image by: Flatiron Energy.

Is ISO New England planning a 300MW Bess in Boston?

System operator ISO New England has given the go-ahead for a 300MW/1,200MWh indoor BESS located in Boston, Massachusetts under development by developer and IPP Flatiron Energy. ISO New England approved a proposed plan application associated with the project in the form of a letter published on the system operator's website on 6 January, 2025.
