Overview

What is solar-powered camping gear?

Let us introduce you to the wonders of solar-powered camping gear. Gone are the days when going into the wild meant going without your favourite conveniences. With new solar-powered technology, you can still enjoy a warm shower, a lantern-lit camping area, and even a little chill out music from your solar speaker.

Are portable solar panels good for camping?

Portable solar panels for camping are game-changers for outdoor lovers. No more dead batteries or noisy generators—just clean, quiet power wherever you go. Whether you're deep in the woods or parked at a remote site, these panels keep your gear running.

Which solar-powered camping gadgets should you buy?

Here are twelve solar-powered camping gadgets that we'd recommend for your next outdoor adventure. Made for the nomads with lots of electronics, Goal Zero has created a portable power station with plenty of charging options. The compact 12lb pack features two USB charging ports, a 12-volt output, and a universal AC outlet.

Should you buy solar powered camping gear?

What's more, when you invest in reliable solar powered camping gear you'll rarely need to pay for electric at campsites. Nor will you need to spend out on disposable batteries or gas canisters. All you need is a little bit of sunlight, an energy source which is both clean and renewable.
