

# **Can I bring an solar container outdoor power to Haiti**

## Overview

---

Can solar energy be used in Haiti?

Solar energy offers interesting prospects in Haiti, by offering energy self-sufficiency to the most isolated cities, in the absence of a power grid. The country's location in the tropics gives it very strong solar energy potential. It is believed solar energy will play a fundamental role in access to electricity over the next 10 to 15 years.

Do you offer Full Container Load services to Haiti?

We offer full container load services to Haiti in 20ft and 40ft containers. Should you require another type of equipment to handle the cargo, such as open-top containers, flat racks, reefers, or others, our specialized equipment division will offer you the best alternatives available.

Do you need a logistics partner for importing or exporting to Haiti?

If you want to be successful when importing or exporting to Haiti, you will need a logistics partner who understands the local business landscape and speaks the local language. Our team of professionals will provide you with the best shipping rates as well as superior freight forwarding services.

What types of shipping services do you offer to Haiti?

In addition to standard shipping solutions, we offer specialized sea freight services for all kinds of cargo, including humanitarian aid supplies, hazardous materials, or oversized shipments. We offer full container load services to Haiti in 20ft and 40ft containers.
