

FTMRS SOLAR

Canada Toronto UPS solar container outdoor power

Overview

What are outdoor UPS?

Outdoor UPS are rugged back-up power supply systems that are designed to weather the elements in harsh outside locations.

What makes a true outdoor UPS system?

A truly outdoor UPS system has many distinguishing characteristics, including conformal coated printed circuit boards (PCBs) which protect against exposure to moisture and dust, and carefully selected components to operate reliably in extreme temperatures.

What is tsi power xups outdoor UPS?

The TSI Power XUPS Outdoor UPS ensure continuous uninterrupted power for mission critical loads. This thoughtfully designed and reliable UPS is built to face the challenges of loads installed in harsh outdoor environments, equipped with wide-temperature, pure lead, gel batteries and housed in a weather-protected enclosure.

Why do you need a solar container?

Deploy power in hoursPerfect for remote locations, construction sites, events, and emergency response situations. Our solar containers ensure fast deployment, scalability, customization, cost savings, reliability, and sustainability for efficient energy anywhere.
