

Capacity of the Montenegro Energy Storage Power Station

Overview

How much electricity does Montenegro need?

With around 621 000 inhabitants, Montenegro's electricity needs are mainly met by the 225 MW lignite power plant at Pljevlja and the 307 MW Perućica and 342 MW Piva hydropower plants, all run by state-owned utility Elektroprivreda Crne Gore (EPCG).

Can Montenegro expand its natural gas capacity?

Different sources cite varying levels of potential, but all show that a significant expansion of capacity is possible. Montenegro has no infrastructure for natural gas distribution and does not currently extract oil, though the government is interested in oil and gas production in the Adriatic Sea.

Where will EPCG install a 60 MWh power plant?

In addition to the two 60 MWh systems at the Nikšić steel mill, EPCG plans to install: a 60 MWh unit at Perućica hydropower plant, a 60 MWh unit at Pljevlja thermal power plant and a 5 MWh system at the planned Kapino Polje solar power plant (5 MW).

How many power plants does Te Pljevlja have?

It also operates the 225 MW TE Pljevlja, the country's sole thermal power plant. The utility also has several small hydropower plants and is developing a number of renewable energy projects, including Komarnica hydroelectric power plant (172 MW), WF Gvozd wind power plant (54.6 MW) and SP Briska Gora solar power plant (250 MW).

Capacity of the Montenegro Energy Storage Power Station

Montenegro utility EPCG to launch 300MWh ...

Dec 16, 2024 · The event where the announcement was made. Image: Energija Balkana video. EPCG, a utility and distribution network ...

Montenegro: EPCG advances plans for battery energy storage ...

Mar 10, 2025 · Montenegro's state-owned power utility, EPCG, has initiated the preparation of a feasibility study and project design for the procurement of battery energy storage systems ...

Montenegro Utility Launches 240 MWh Battery Storage Tender

Sep 7, 2025 · EPCG, Montenegro's largest electricity provider, has announced plans to invest in two battery energy storage systems (BESS) to enhance grid stability and improve the balance ...

Montenegro's EPCG launches first stage of BESS project

Mar 7, 2025 · Montenegrin state-owned power utility Elektroprivreda Crne Gore (EPCG) said it has started the procedure for preparing a feasibility study and a project design study for the ...

Montenegro utility launches 240 MWh ...

Sep 4, 2025 · EPCG, Montenegro's largest electricity provider, is investing in two four-hour battery energy storage systems (BESS) to strengthen grid ...

Montenegro's EPCG Set to Open Tender for 300 MWh Battery Storage ...

Jan 6, 2025 · Montenegro's state-owned power utility, Elektroprivreda Crne Gore (EPCG), is set to issue a tender in January for the procurement of battery energy storage systems (BESS) ...

Montenegro Launches 240 MWh Battery Energy Storage ...

Sep 5, 2025 · Montenegro invests EUR48M in 240 MWh battery energy storage systems to enhance grid stability and accelerate its renewable energy transition.

Montenegro utility EPCG to launch 300MWh BESS ...

Dec 16, 2024 · The event where the announcement was made. Image: Energija Balkana video. EPCG, a utility and distribution network operator (DNO) in the Southeast European ...

Montenegro's utility EPCG invites bids for 60-MW BESS project

Sep 3, 2025 · Montenegro's state-owned power utility Elektroprivreda Crne Gore (EPCG) has invited bids for the design, supply, installation and commissioning of two battery energy ...

Montenegro's utility EPCG invites bids for 60 ...

Sep 3, 2025 · Montenegro's state-owned power utility Elektroprivreda Crne Gore (EPCG) has invited bids for the design, supply, installation and ...

How Will Montenegro's New Battery Systems Boost Energy ...

Sep 8, 2025 · Overview of Montenegro's Energy Sector and the Role of Battery Systems
Montenegro's energy landscape reflects a blend of historical reliance on hydropower, ...

Montenegro's EPCG launches first stage of ...

Mar 7, 2025 · Montenegrin state-owned power utility Elektroprivreda Crne Gore (EPCG) said it has started the procedure for preparing a feasibility ...

Montenegro's power utility seeks contractor for two battery storage

Sep 5, 2025 · Montenegro's state-owned power utility, Elektroprivreda Crne Gore, has launched a tender for the procurement and installation of two battery energy storage systems with a total ...

Montenegro utility launches 240 MWh battery storage tender

Sep 4, 2025 · EPCG, Montenegro's largest electricity provider, is investing in two four-hour battery energy storage systems (BESS) to strengthen grid resilience and balance supply and demand. ...
