# China high voltage switchgear in Ireland

## Overview

---

Who makes low voltage switchgear?

BMC Manufacturing is a prominent manufacturer of low voltage (LV) switchgear, offering a range of products including motor control centers and automatic transfer switches, with ratings up to 6300A.

Who is capital switchgear?

Max. Capital Switchgear specializes in manufacturing Low Voltage switchgear solutions, offering a wide range of products designed for Data Centers and industrial applications. Their expertise in delivering tailored switchgear solutions ensures compliance with high standards, making them a key player in mission-critical projects.

What is mission-critical LV switchgear?

Mission-critical LV Switchgear solutions, tailored to meet specific requirements, built to the highest standards and specs. Anord Mardix is a global leader in critical power solutions, specializing in medium voltage (MV) switchgear.

Does anord mardix offer MV switchgear?

Medium Voltage or MV switchgear from major, as well as niche, manufacturers is available through Anord Mardix with the supplier-neutral advice you would expect. We ensure well-engineered and expertly-commissioned products are at the heart of your power supply and MV switchgear will be fully integrated into your overall system design.
