# Dakar New Energy Storage Power Supply

## Overview

---

On April 29, 2025, a floating power plant operated by Türkiye's Karpowership began generating electricity using liquefied natural gas (LNG) off the coast of Dakar, Senegal. Does Senegal have a battery energy storage project?

The national electric utility of Senegal, Senelec, has signed a 20-year CCA with Infinity Power for a battery energy storage project.

Can LNG be used for power generation in Senegal?

The use of LNG for power generation marks a significant step in diversifying Senegal's energy mix, following the country's first offshore oil production at Woodside's Sangomar development in 2024 and LNG production from the BP-led Greater Tortue Ahmeyim Phase 1 project in February 2025, developed jointly with Mauritania.

Why is the ship-to-ship LNG transfer important for Senegal's energy sector?

Ayman Bouderbela stated: "The successful completion of the ship-to-ship LNG transfer and subsequent power generation is a groundbreaking achievement for Senegal's energy sector." The project enhances energy reliability and supports Senegal's growing electricity needs while prioritizing sustainable energy solutions.

What is Karpowership - Ingt Africa?

The project introduces an innovative approach to power generation in regions lacking natural gas infrastructure. Karpowership's Country Manager, Ayman Bouderbela, highlighted the successful ship-to-ship LNG transfer between LNGT Africa and a supply vessel, a key milestone enabling the subsequent power generation.

## Dakar New Energy Storage Power Supply

---

Infinity Power seals 20-year agreement with Senelec to supply ...

Nov 13, 2023 · The project will support the stabilisation of Senegal's national grid and the expansion of renewable energy supply across Senegal, avoiding 37,000 tonnes of carbon ...

---

Senegal Battery Energy Storage Power Station

Senegal power storage battery Senegal enters agreement for 160MWh battery energy storage. Uplifting renewable energy generation capacity. The project will be operated by the Parc ...

---

Infinity Power seals 20-year agreement with Senelec to supply ...

Nov 4, 2023 · Infinity Power and Senelec have signed a 20-year Capacity Change Agreement (CCA) to provide 160MWh through a battery energy storage system (BESS) The project will ...

---

news

Nov 15, 2024 · The project will provide clean, reliable energy for 235,000 people in Senegal. Largest photovoltaic with added battery energy storage systems (BESS) project in West ...
