

# **Democratic Congo energy storage cabin fire protection equipment manufacturer**

## Overview

---

### Who is Congo energy?

Congo Energy is a Congolese company which is contributing to the recovery and development of the energy sector in the Democratic Republic of the Congo (DRC). Congo Energy offers products that reduce consumption while optimising the quality of installations. The company focuses on 4 areas: Electrical infrastructure for industries.

### What products does Congo energy offer?

Congo Energy supplies a wide range of products tailored to the specific requirements of its customers' sectors of activity. From industrial lighting to street lamps, automation systems and energy management, Congo Energy offers reliable, superior quality products, carefully selected from its partners.

### What certificate does Congo energy have?

Congo Energy has the certificate issued by ARSP (Autorité de Régulation de la sous-traitance dans le secteur privé). This certificate certifies that Congo Energy is authorized to work as a subcontractor in the Democratic Republic of Congo. Congo Energy strives to provide its partners and customers with high-quality products and services.

### Why should you choose Congo energy?

From industrial lighting to street lamps, automation systems and energy management, Congo Energy offers reliable, superior quality products, carefully selected from its partners. Exclusive distributor of PRAMAC products in the DRC, Congo Energy offers a wide range of reliable and efficient generator sets.
