Energy storage equipment system in Mumbai India

Overview

Will Tata Power install a 100MW battery energy storage system in Mumbai?

Credit: Piotr Swat / Shutterstock.com. Tata Power has received approval from the Maharashtra Electricity Regulatory Commission (MERC) to implement a 100MW battery energy storage system (BESS) in Mumbai, India, with plans to complete the installation by 2027.

Where will a 100MW power system be installed in Mumbai?

The complete 100MW system will be installed across ten strategically located sites, particularly near load centres across Mumbai Distribution, centrally monitored and controlled from Tata Power's power system control centre.

Where is Tata Power's power storage system located?

It will be centrally monitored and controlled from Tata Power's Power System Control Center (PSCC) in Mumbai, which has operated as a load dispatch centre since 1950. The storage system will connect to the city's electricity distribution network to serve multiple functions.

Which state regulator approved a 100MW battery energy storage system?

The company, part of the Tata Group, said yesterday that state regulator Maharashtra Electricity Regulatory Commission (MERC) approved its plans to install a 100MW battery energy storage system (BESS) over the next two years.
