

# German container building wholesale

## Overview

---

Does Germany have a building code system?

Thanks to Germany's reputation for exacting standards and punctuality, it should be no surprise that they have a mature building code system. Generally speaking, zoning matters are handled at the country-wide federal level, while building regulations are handled by the individual Germany state government.

What is a standard container?

Standard containers account for around 85 percent of all containers worldwide and are considered the “workhorses” among containers. They can be used to store and transport almost all types of goods cost-effectively. To the containers What would you like?

Additional work space or unusual living concepts, temporary or long-term?

Anything is possible.
