High frequency DC battery cabinet

Overview

What is intelligent high frequency switching dc power cabinet?

It has the functions of 'telecommand, telemetering, tele indication, tele adjusting. It is especially suitable for unattended places such as 500kV and below substation, power plant and so on. The intelligent high frequency switching DC power cabinet is in accordance with DL7T459. GB/T 19826 and other relative standards.

What is gzw series high frequency switching dc power supply panel?

Company Info. Basic Info. Model NO. GZDW series high frequency switching DC power supply panel is a complete set of DC power supply devices designed and produced by our company according to GB/T 19826-2005 and DL/T 459-2002 standards by combining years of technical experience and production system management.

What is IGH frequency electric equipment /switchgear for DC power supply?

igh frequency electric equipment /switchgear for DC power supply . Main function: bus insulation,data collect and display and charge management. Cabinet color: Standard color is RAL7035. Can be custom. Description:
