

High quality 1200 amp breaker in Malaysia

Overview

Why do we need reliable circuit breaker suppliers in Malaysia?

It is critical for us to have reliable suppliers in Malaysia for our circuit breaker requirements. Circuit breakers are the incumbents of electrical devices, which automatically cease electric power transmission when any sort of short circuit occurs. This way, not only do we protect devices but also prevent users from expensive repairs.

What are the different types of circuit breakers?

Fortune Electrical Corporation's circuit breakers are available in various types, such as miniature circuit breakers (MCB), molded case circuit breakers (MCCB), residual current circuit breakers (RCCB), and more. These devices are made to the highest quality standards and are designed to protect electrical systems from overloads and short circuits.

Who is THK circuit breakers?

THK is a leading electrical product manufacturer based in Kuala Selangor, Malaysia, with a global reach. Their highly skilled development team specializes in producing top-quality circuit breakers for a range of applications.

Why is Malaysia a good location for circuit breaker production?

Malaysia's strong electronics manufacturing industry and strategic location make it a prime location for circuit breaker production. According to the Malaysian Investment Development Authority (MIDA), the country is a major player in the global semiconductor market and has a significant presence in the electronics industry.
