# Home energy storage solution

## 40 kWh

## Overview

---

What is a 40 kWh solar battery system?

Experience off-grid living with our 40 kWh solar lithium battery system featuring LiFePo4 48V 800Ah storage. With a home voltage of 51.2V, our system offers reliable and sustainable energy storage for your residential needs.

What is a 48 volt battery power storage ESS?

This 48 volt 800ah 40kwh lithium ion battery power storage ESS allows you to maintain a sustained power supply during the day or night. Why Coremax AXE stacked battery?

This is the best AXE 5.0L Iv battery system alternative from China. Like all kinds of new energy power are acceptable, and making full use of clean energy.

What is a residential energy storage system?

Our residential energy storage systems allow homeowners to store the energy produced by their solar panels during the day and use it at night or during periods of low sunlight. With our energy storage systems, residents can reduce their dependence on the grid and enjoy greater energy independence.

What is the power reserve power wall battery storage system?

Wall-mounted, convenient and easy installation This Coremax 20 KWH Power Reserve Power Wall battery storage system has a 20 kWh useable capacity. This is a complete system that comes ready for connection, durable battery, intelligent energy manager and display screen.
