

# **Huawei Home 10kw Energy Storage**

## Overview

---

The Huawei LUNA2000-10-S0 is a high-performance 10kWh home solar photovoltaic energy storage system designed to meet the needs of modern households and off-grid power solutions. What is Huawei smart string energy storage system?

With Huawei Smart String Energy Storage System, you can power your life by green power storage and be astonished by its admirable performance. No matter nights, rainy days or unexpected blackouts off the grid, the solar power is always at your request as a real bank. The built-in optimizer independently manages each battery module.

What does Huawei do for a living?

In its solar division, Huawei develops and manufactures cutting-edge solutions for the photovoltaic industry. The company offers a wide range of products, including inverters, intelligent PV controllers, and a proprietary plant monitoring management platform called FusionSolar.

Where is Huawei headquartered?

Huawei is a leading global technology company headquartered in China. With an impressive presence in over 170 countries, Huawei has made a name for itself in various industries, including telecommunications, information technology, and renewable energy.
