# Huawei Hungary Pecs Smart solar Panel

## Overview

---

What is Hungary's largest solar energy project?

Hungary's largest solar energy project is underway, in collaboration with Huawei. The contract was signed in February, with MAVIR Ltd. as the investor.

What is Hungary's largest energy storage facility?

Hungary's largest energy storage facility is currently under construction near Szolnok, with Chinese company Huawei involved in the solar energy project. The contract was signed in February, with MAVIR Ltd. as the investor. According to portfolio.hu, the project is estimated to cost HUF 8.5 billion (EUR 21 million), with a capacity of 60 MWh.

How many megawatts can a solar park produce in Hungary?

On Tuesday, the energy minister announced that industrial-scale solar parks and household solar installations combined have achieved a production capacity of 6,000 megawatts of electricity in Hungary.

How much does a new energy storage project cost in Hungary?

The contract was signed in February, with MAVIR Ltd. as the investor. According to portfolio.hu, the project is estimated to cost HUF 8.5 billion (EUR 21 million), with a capacity of 60 MWh. Currently, Hungary's entire energy storage capacity stands at 30 MW.
