# Huawei solar container battery assembly

## Overview

---

Which battery module is compatible with Huawei inverters?

This type of module is compatible with Huawei inverters whether single-phase or three-phase. This Huawei LUNA2000 10 kW Battery System Kit is an ideal and reliable choice, within a solar panel installation two batteries can be installed in parallel, allowing a storage capacity of 30 kWh per inverter.

What is Huawei luna2000 5 kW battery system kit?

The Huawei LUNA2000 5 kW Battery System Kit is a high-performance energy storage solution for single- and three-phase systems. With a battery module energy of 5 kWh, this system ensures a reliable power supply. This system features energy optimization at module level.

Which battery system kit is best for a solar panel installation?

This Huawei LUNA2000 10 kW Battery System Kit is an ideal and reliable choice, within a solar panel installation two batteries can be installed in parallel, allowing a storage capacity of 30 kWh per inverter. LUN2000 batteries are reliable thanks in particular to the lithium iron phosphate (LFP) battery cells.
