

India Mumbai solar Energy Storage Project

Overview

Is Tata Power installing a 100MW battery energy storage system in Mumbai?

Loading. Tata Power, India's largest integrated power company, has secured approval from the Maharashtra Electricity Regulatory Commission (MERC) to install a 100MW Battery Energy Storage System (BESS) across Mumbai.

Where will a 100MW power system be installed in Mumbai?

The complete 100MW system will be installed across ten strategically located sites, particularly near load centres across Mumbai Distribution, centrally monitored and controlled from Tata Power's power system control centre.

How will Tata Power's Bess deployment fulfil energy storage obligations?

Additionally, Tata Power's BESS deployment will also fulfil energy storage Obligations. The entire 100 MW system will be installed across 10 strategically located sites, especially near load centres across Mumbai Distribution, centrally monitored and controlled from Tata Power's Power System Control Center (PSCC).

Where is Tata Power's power storage system located?

It will be centrally monitored and controlled from Tata Power's Power System Control Center (PSCC) in Mumbai, which has operated as a load dispatch centre since 1950. The storage system will connect to the city's electricity distribution network to serve multiple functions.
