

# **India s mobile energy storage container hybrid**

## Overview

---

How much battery energy storage capacity is available in India?

Between 2022 and May 2025, India auctioned approximately 12.8GWh of battery energy storage system (BESS) capacity for both hybrid and standalone applications. However, only about 219MWh of BESS capacity is reported to be operational, leaving a large pipeline of projects under construction.

What is the share of hybrid energy tender capacity in India?

With a rise in preference for firm renewable energy, the share of hybrid tendered capacity has increased from about 12% in 2021 to over 49% in 2024 in the overall renewable energy tenders. Between 2022 and May 2025, India auctioned approximately 12.8GWh of battery energy storage system (BESS) capacity for both hybrid and standalone applications.

Could India emerge as a global leader in storage technology?

Industry experts note that with the right mix of innovation, manufacturing scale and policy support, India could emerge as a global leader in storage technology,” he added. Serentica Renewables partners with Shanghai Gotion to set up India's largest battery energy storage system in Rajasthan.

How is VolTra Energy shaping India's battery storage future?

In an age where energy must be not just abundant—but intelligent—Voltra Energy is quietly shaping India’s battery storage future with precision-engineered systems designed for scale, speed, and sustainability.

## India s mobile energy storage container hybrid

---

India's First Utility-Scale Standalone Battery Energy Storage ...

May 8, 2025 · The GEAPP Leadership Council (GLC) today officially announced the launch of India's first utility-scale, standalone BESS project.

---

India Hybrid Battery Energy Storage System Market Size and ...

Oct 1, 2025 · Key Findings India Hybrid Battery Energy Storage System Market is gaining traction due to the growing demand for flexible, long-duration, and cost-effective energy storage ...

---

Voltra Leads India's Modular Battery Energy Storage ...

Aug 12, 2025 · Voltra pioneers modular BESS solutions, enhancing grid stability, scalability, and sustainability for India's clean energy future.

---

Serentica Renewables partners with Shanghai Gotion Digital ...

Aug 28, 2025 · Serentica Renewables partners with Shanghai Gotion to set up India's largest battery energy storage system in Rajasthan.

---

Hybrid Battery Systems Power India's Renewable and EV Future

Jun 8, 2025 · Hybrid battery systems, blending lithium-ion and flow battery technologies, are emerging as a vital solution for India's energy storage needs. Supporting renewable ...

---

India's battery storage boom: Getting the execution right

Aug 18, 2025 · The government can also encourage RE + BESS contracts for Corporate PPAs to expedite energy storage deployment and increase the share of renewable energy. Unlocking ...
