

# **Installed capacity of energy storage power station in Mumbai India**

## Overview

---

Is Tata Power installing a 100MW battery energy storage system in Mumbai?

Loading. Tata Power, India's largest integrated power company, has secured approval from the Maharashtra Electricity Regulatory Commission (MERC) to install a 100MW Battery Energy Storage System (BESS) across Mumbai.

Where will a 100MW power system be installed in Mumbai?

The complete 100MW system will be installed across ten strategically located sites, particularly near load centres across Mumbai Distribution, centrally monitored and controlled from Tata Power's power system control centre.

How big is India's battery energy storage system?

India's total Battery Energy Storage System (BESS) capacity reached 219.1 MWh as of March 2024, according to Mercom India Research's newly released report, India's Energy Storage Landscape.

Which energy storage system is most popular in India?

Solar photovoltaic (PV) and battery energy storage systems (PV + BESS) comprised 90.6% of the total installed capacity. "India is an emerging market for energy storage, still in the early stages of development.
