Ivory Coast Energy Storage Container 20ft

Overview

How much energy does a liquid cooled container hold?

The latest generation product has an energy density of more than 440 Wh/l, a roundtrip efficiency of 96%, and a cycle lifetime of nearly 16,000 charge-discharge cycles. The liquid-cooled system has a voltage range from 1500 V – 2000 V and is configurable for storage durations of two to eight hours. The container weighs around 55 tons.

What makes a 20-foot container 8MWh+?

According to the company, the breakthrough to 8MWh+ capacity in a standard 20-foot container is due 60% to the enhanced energy density of its self-developed large-capacity cells, 30% to system integration and further compact design of the container space, and 10% to the optimization of functional units within the container.

Who is Envision Energy Storage?

Envision is a leading energy storage manufacturer with full-stack technical capabilities, including self-developed and manufactured cells, inverters, battery management systems, and energy management systems.

Ivory Coast Energy Storage Container 20ft
