

Kingston RV Solar System Manufacturer

Overview

What is RV Solar Store?

RV Solar Store is RV Solar Connection, llc's installation team's site. Unlike most sites that only sell parts, we are solar installers installing solar electric (photovoltaic) systems on recreational vehicles. Most of the components that we offer on our site are the same products that we use in our installations.

What is the Kingston solar project?

The Kingston Solar Project is a 100 MW solar facility located in the City of Kingston and Loyalist Township. The facility is one of the largest solar projects in North America.

Which solar power system is best for boondocking?

The gold standard for solar power performance. With 1,320 watts of solar collection and two powerful Dragonfly® 270 Ah lithium energy storage batteries, SolarFlex 1320i-L is the ideal setup for power users looking for extended boondocking adventures. SOLARFLEX 200; SOLARFLEX 400I; SOLARFLEX 600I-L; SOLARFLEX 1200I-L SolarFlex Quick Start Guides.

What is Keystone solarflex?

Intelligently engineered by the experts at the Keystone Innovation Lab. SolarFlex uses best-in-class hardware and configuration options designed specifically for RVers. Fully integrated during the build process, SolarFlex eliminates the patchwork of an aftermarket build and is covered by Keystone's fully transferable warranties.
