

# **Korea DC energy storage equipment quotation**

## Overview

---

Is South Korea a Bess supplier?

South Korea is also a major exporter of batteries and energy storage technologies, with Samsung SDI and LG Energy Solution among significant suppliers of products from cells to complete BESS solutions internationally. According to the newest Basic Plan, the country aims to capture a 30% share of the global BESS market by 2036.

What is a 'central market' contract for battery storage on Jeju Island?

In 2023, the ministry hosted a tender offering a 15-year 'central market contract' for 60MW of 4-hour duration (260MWh) battery storage on Jeju Island, which was the first time such a contract had been tendered by the government for low-carbon power sources.

How many MW of Bess will be installed on Jeju Island?

The capacity will be split between 500MW of large-scale BESS on the Korean mainland and 40MW of the technology on Jeju Island, a popular destination for domestic and international tourists.
