

# **Lithium power station factory in Austria**

## Overview

---

What is the Wolfsberg Lithium Project?

Powering Europe's Battery Future The Wolfsberg Lithium Project stands as one of Europe's most strategically important lithium assets—a fully licensed, government-backed lithium mine built by the Austrian government and primed to play a central role in the region's integrated lithium-ion battery supply chain.

Will China build a lithium-ion battery plant in Poland?

The Chinese concern Zhangjiagang Guotai-Huarong New Chemical Materials has a plan to build the largest electrolyte plant for lithium-ion batteries at the territory of Poland. The Chinese Capchem also wants to build this type of plant here. On the other hand, Korean Kyungshi is preparing to expand cable production in Poland.

Who is European lithium limited?

European Lithium Limited is a publicly listed mining exploration and development company, listed on ASX, FRA and OTC-QB, advancing its flagship Wolfsberg Lithium Project in Carinthia, Austria, to supply high-grade lithium hydroxide for Europe's battery supply chain.

Is Austrian mining a sustainable source of lithium?

"This is a significant milestone towards sustainable production of lithium from Austrian mining extraction in an integrated European supply chain located in the heart of Europe," Sage said.
