# Low-pressure type folding container for subway stations in Kyiv

## Overview

---

What is a High Cube container?

A High Cube container is specially designed for voluminous cargo. All containers, including High Cube, are equipped with various lashing devices on longitudinal rails and corner posts. For high and excessively high loads, we provide Hardtop containers.

What types of bulk containers does lag offer?

With the silo pressurised container, the low-pressure cubic container and the unpressurised box container, LAG offers a complete range of bulk containers. All our containers are manufactured in accordance with recognised standards (ISO, UIC, CSC & PED).

How much space does an empty folding container save?

As an empty folding container can save a volume of up to 80 percent compared to an upright container, a maximum of five times as many empty folded containers can be stored on the same floor space than would be possible with rigid containers.
