

# **Malabo solar module inverter company**

## Overview

---

Who makes solar power inverters?

As a global leader in technology and telecommunications, Huawei also produces innovative and reliable string and central inverters for solar power systems. 2. Sungrow Power Supply Co. Ltd.

Who makes Omnik inverters?

Omnik New Energy Co. Ltd. Omnik New Energy Technology Co., Ltd. produces the Omnik-sol 1.5K/2K, 3K/4K series inverters, which boast an impressive 97.6% conversion efficiency that exceeds the international leading level. These inverters have passed various international certifications, including VDE, G83, SAA, ENEL, and more.

How much power does a solar inverter provide?

Their solar grid-connected inverters cover a power range of 750W to 253kW, while their off-grid and storage inverters cover a power range of 2.30kW. These products are suitable for a variety of scenarios, including households, commercial buildings, PV poverty alleviation, large ground power stations, and various storage power stations.

What is ginlong inverter?

The company is mainly engaged in the research and development, production, sales, and service of string inverters, which are the core equipment of PV power generation systems. As a large manufacturing enterprise, Ginlong provides full-scene intelligent energy solutions. The inverter brand of Ginlong is Solis.
