# Manila solar Energy Storage Design

## Overview

---

What is Sungrow doing at solar & storage live Philippines 2025?

MANILA, Philippines – Global renewable energy leader Sungrow made waves at Solar & Storage Live Philippines 2025 this week, unveiling advanced solutions tailored to accelerate the nation's clean energy transition.

What is a GW power plant in the Philippines?

Strategically located in the Philippines, the comprehensive development is designed to harness substantial renewable energy resources, boasting a total planned capacity of 3.5 gigawatts (GW) of photovoltaic (PV) power and 4.5 gigawatt-hours (GWh) of energy storage.

Will Terra become the largest integrated photovoltaic power station in Southeast Asia?

This project marks a significant milestone as Terra is poised to become the largest integrated photovoltaic and energy storage power station in Southeast Asia.

Why is Sungrow partnering with the Philippines?

“Our innovations reflect Sungrow’s dedication to solving regional energy pain points,” stated Luis Xu, Sungrow’s APAC General Manager. “From grid resilience to affordable residential storage, we’re partnering with the Philippines to build a cleaner, more reliable energy ecosystem.”
