

# Morocco Home Energy Storage

## Overview

---

How many jobs will a battery energy storage project create in Morocco?

The first phase of the project is expected to create over 2,000 jobs. In terms of energy storage projects, Morocco is actively introducing battery energy storage systems (BESS) to complement renewable energy. Several Chinese companies are involved in this.

What is Morocco's energy storage testbed project?

The projects are spearheaded by the Moroccan Agency for Sustainable Energy (MASEN) and Morocco's national electricity company ONEE. On May 20, 2025, MASEN received financing approval from the World Bank for its "Morocco Energy Storage Testbed Project", aiming to enhance grid stability.

How is Morocco accelerating its energy transition?

Morocco is accelerating its energy transition by issuing a global call for expressions of interest to build two large-scale battery storage facilities. The projects are spearheaded by the Moroccan Agency for Sustainable Energy (MASEN) and Morocco's national electricity company ONEE.

Is Morocco preparing a tender for energy storage capacity?

According to Official Account @Storage Discover, according to a report on the website of the Ministry of Commerce of China, to enhance its energy storage capacity, the electricity branch of Morocco's National Office of Electricity and Drinking Water (ONEE) has recently issued a letter of intent for a tender.
