Muscat's new solar panels

Overview

Where is Oman's Manah 1 solar plant?

Construction is set to enter a new phase as solar PV modules have begun arriving at Oman's Manah 1 solar plant. The 500 MW solar facility is under construction in the Wilayat of Manah in Al Dakhiliyah Governorate. The Manah 1 Solar plant is expected to have over 1 million PV modules installed over the following months.

How will Oman's Manah 1 solar project work?

The power generated from the project will be sold to Oman Power and Water Procurement under a power purchase agreement for a period of 20 years. Construction is set to enter a new phase as solar PV modules have begun arriving at Oman's Manah 1 solar plant.

When will Oman's new solar project be commissioned?

The ground-mounted solar project is currently under construction by Jinko Power Technology and Sembcorp Utilities. What's more, it is expected to be commissioned by May 2025. The power generated from the project will be sold to Oman Power and Water Procurement under a power purchase agreement for a period of 20 years.

How much money has Oman invested in silicon & solar?

Over the past 12 months, Oman has attracted investment pledges aggregating over \$2.5 billion in a trio of silicon and solar manufacturing projects – all backed by Chinese players.
