

FTMRS SOLAR

New energy storage project in the Philippines

Overview

Where in the Philippines will a solar power plant be located?

The project, which is strategically located on the Philippines' main island of Luzon, about 100km from Manila, will combine 3.5GWp of solar PV capacity with 4.5GWh of battery energy storage system (BESS).

What is the impact of a solar power project in the Philippines?

The project has strong sustainability credentials, notably because of its impact in decarbonising the Philippines' energy system (SDG7), but also by generating power to support economic development (SDG8), creating more than 10,000 new jobs (SDG8), and facilitating local development (SDGs3+4).

Does Aboitiz Power have a hybrid energy storage system in Cebu?

Aboitiz Power Corporation, one of the Philippines' major utilities, has launched a project that reflects this shift toward hybrid infrastructure. The company is constructing a 30-megawatt hybrid Battery Energy Storage System (BESS) in Cebu, in collaboration with East Asia Utilities Corporation.

Who owns 100% of Solar Philippines?

The transaction with Solar Philippines New Energy Corporation, which currently owns 100% of the project, was announced at a signing ceremony in Pasig City, Philippines, attended by Torbjorn Caesar, Chairman and Senior Partner at Actis, Manuel V. Pangilinan, Chairman of Meralco, and Emmanuel V. Rubio, CEO of Meralco PowerGen (MGen).

New energy storage project in the Philippines

Actis invests in 'world's largest' Philippines ...

Sep 10, 2024 · The firm has agreed to partner with utility Manila Electric Company (Meralco) and its subsidiary, Solar Philippines New Energy ...

Actis invests in world's largest integrated ...

Sep 6, 2024 · The Terra Solar Project will provide electricity to circa 2.4 million Philippine households² The transaction represents the largest ...

Philippines commissions country's first agriPV ...

Sep 16, 2025 · The Philippines has commissioned the Batangas 1 project, the country's first to combine agriPV with a battery energy storage system ...

Philippines Expands Solar and Energy Storage ...

Mar 21, 2025 · It has an 850-megawatt (MW) contracted capacity over a 20-year period. Once fully developed, the company will have 3,500 MW of ...

Philippines Breaks Ground on World's Largest ...

Nov 26, 2024 · The Philippines makes history by launching the world's largest solar and battery project, advancing renewable energy efforts.

Scatec JV Secures Funding For 56 MW Battery Project In The Philippines

Feb 18, 2025 · Scatec ASA and Aboitiz Power have finalized financing for their battery energy storage projects in the Philippines and are set to begin construction. The projects include a 16 ...

Philippines backs 17 new power projects, focuses on renewables and storage

Aug 1, 2025 · The Department of Energy (DOE) of the Philippines endorsed 17 power generation projects to the National Grid Corporation of the Philippines (NGCP) in June 2025, highlighting ...

Philippines Expands Solar and Energy Storage with New Projects

Mar 21, 2025 · It has an 850-megawatt (MW) contracted capacity over a 20-year period. Once fully developed, the company will have 3,500 MW of installed solar capacity and 4,500 ...

Actis invests in 'world's largest' Philippines solar, storage project

Sep 10, 2024 · The firm has agreed to partner with utility Manila Electric Company (Meralco) and its subsidiary, Solar Philippines New Energy Corporation, to invest in the Terra Solar Project. ...

Aboitiz Power Pioneers Hybrid BESS Project in ...

6 days ago · Aboitiz Power commits P1.2B to a pioneering hybrid BESS project in the Philippines. This model, integrating battery storage into ...

Aboitiz Power Pioneers Hybrid BESS Project in the Philippines

6 days ago · Aboitiz Power commits P1.2B to a pioneering hybrid BESS project in the Philippines. This model, integrating battery storage into thermal plants, is a blueprint for climate-resilient ...

Philippines Breaks Ground on World's Largest Solar and Battery Project

Nov 26, 2024 · The Philippines makes history by launching the world's largest solar and battery project, advancing renewable energy efforts.

Philippines commissions country's first agriPV-plus-storage project

Sep 16, 2025 · The Philippines has commissioned the Batangas 1 project, the country's first to combine agriPV with a battery energy storage system (BESS).

Philippines Energy Storage Surges as Nearly 5 GWh of ...

Nov 11, 2025 · The Philippines is taking a decisive step toward firm renewable energy capacity, with the latest round of its Green Energy Auction (GEA-4) marking the country's most storage ...

Major Solar and Storage Project in the ...

Jul 11, 2025 · A large-scale solar and battery energy storage project in the Philippines is moving forward faster than expected, with 54% of the first ...

Actis invests in world's largest integrated renewables and energy

Sep 6, 2024 · The Terra Solar Project will provide electricity to circa 2.4 million Philippine households² The transaction represents the largest foreign direct investment for a greenfield ...

Major Solar and Storage Project in the Philippines ...

Jul 11, 2025 · A large-scale solar and battery energy storage project in the Philippines is moving forward faster than expected, with 54% of the first phase completed just eight months after ...
