What is the global outdoor power equipment market size?

The global outdoor power equipment market size was estimated at USD 53.42 billion in 2024 and is projected to reach USD 76.61 billion by 2030, growing at a CAGR of 6.3% from 2025 to 2030.

How will the outdoor power equipment market grow in 2024?

In addition, changing consumer behavior in its spending power and aesthetic appeal for their gardening space is also expected to boost the market's growth. The North America outdoor power equipment industry accounted for 35.28% of the global overall market share in 2024.

Why is the maintenance cost of outdoor power equipment so high?

The factors to be reviewed regularly include inspecting cords, checking for damaged switches, sharpening, oiling, and other repairs needed for properly working the equipment. Hence, the maintenance cost of outdoor power equipment is relatively high, which is expected to hamper the market's growth.

Why is the North America outdoor power equipment market growing?

The North America outdoor power equipment industry accounted for 35.28% of the global overall market share in 2024. The regional market's growth is attributed to North America's larger geographical area compared to its population, which leads to more gardens and lawns in the region.
