What is the freightify container shipping calculator?

The Freightify container shipping calculator is a shipping tool that collects the details of the container, including origin, destination, and other information. The calculator then leverages a collection of data points across multiple sources to consider all relevant factors and new policies that could impact the container shipping rate.

How do shipping container cost calculators work?

Online shipping container cost calculators like FreightWise help take the guesswork out of your logistics budget. Enter your origin and destination ports, container size, cargo type, and shipping date to get an accurate quote based on current market rates. These calculators also consider seasonal changes and apply appropriate surcharges.

How much does international container shipping cost?

International container shipping costs typically range from \$2,000 to \$6,000 for full container loads (FCL). Shipping a 20ft container ranges from \$2,800 to \$15,600, and a 40ft container from \$1,865 to \$23,415, depending on the route. Partial container shipping (LCL) is a cost-effective option for smaller moves, averaging around \$1,600.

How do you transport cargo to/from Mongolia?

We offer cargo transportation to/from Mongolia along the following routes: Rail transportation to Mongolia using wagons and containers through the Naushki / Sukhbaatar border crossing. Mongolia operates on the wide Soviet 1520 mm gauge, allowing wagons to proceed to Mongolian railway stations without requiring axle changes or transshipment.
