Prishtina solar Power Storage

Overview

Will Termokos build a solar thermal plant in Prishtina?

Termokos is receiving applications until the end of this month from potential contractors, for the first lot. It envisages the construction of a 30 MW solar thermal plant near the village of Shkabaj (Orlović). The facility in Obiliq (Obilić) municipality is for the district heating system in Prishtina.

How long does it take to build a solar thermal system in Kosovo?

The estimated time for completion is 30 months plus a six-month commissioning phase. After several years of preparation, Kosovo* is moving ahead with the largest solar thermal project for district heating in the Western Balkans. The operator, Termokos, is owned by the Municipality of Prishtina, the capital city.

Who owns solar4kosovo 2 – solar district heating?

The operator, Termokos, is owned by the Municipality of Prishtina, the capital city. They secured most of the funds for Solar4Kosovo 2 – Solar District Heating through the European Union's Western Balkans Investment Framework (WBIF), Germany's KfW Development Bank and the European Bank for Reconstruction and Development.

How do I request a pre-qualification document for solar4kosovo 2 – solar district heating?

The other part of the Solar4Kosovo 2 – Solar District Heating project is for a network extension with 20 MW more heat from a coal-fired power plant Pre-qualification documents can be requested from the tender agent via email at s4k_lot1@ic-group.org.
