

# Romanian solar modules

## Overview

---

How many largescale solar projects are there in Romania?

As of the latest data available, there are over 880 large-scale PV projects in Romania, boasting a cumulative capacity of approximately 46,600 MW. This impressive number showcases the country's commitment to harnessing solar energy as a clean and sustainable source of power.

Where can solar energy be developed in Romania?

Arad (5.40 GW) and Dolj (5.39 GW) are the most promising locations, but counties such as Giurgiu (4), Bihor (3.8), Teleorman (2.6), Timis (2.3) and Dambovita (2.3) also stand out in this respect. This geographical diversity highlights the potential for solar energy development across Romania.

How to develop a solar plant project in Romania?

The first step in developing a solar plant project in Romania is to secure a title over the land. The most common title, besides the ownership title, which gives right to build and own the respective infrastructure for a solar plant project, is the superficies right.

Are solar panels a smart long-term investment in Romania?

With the scheduled removal of the energy price cap on April 1, more Romanians are turning to solar energy to reduce expenses and secure their energy supply. Rising electricity tariffs have further accelerated interest in renewable solutions, particularly in the residential sector, where solar panels are becoming a smart long-term investment.

LONGi & Enexus Partners to Supply Solar Modules for Romania

Oct 29, 2025 · LONGi partners with Enexus to supply solar modules for Romanian PV projects, featuring advanced HPDC technology and high efficiency.

---

LONGi and Solarpro cooperate on largest ...

Dec 24, 2024 · PVTIME - Solar module manufacturer LONGi has signed on to supply a new Romanian photovoltaic plant being built by Solarpro----a ...

---

LONGi, Enexus, back contact, Hi-MO7, solar photovoltaic, ...

Sep 17, 2025 · LONGi and Enexus consolidate partnership with 300 MW module supply for Romanian PV projects This landmark collaboration will see LONGi supply 300 MW of its high ...

---

Romania: Longi and Solarpro cooperate on 174 MW solar park

Jan 21, 2025 · Longi will supply PV modules for a 174 megawatt solar park that will be built by the Bulgarian based EPC contractor Solarpro. It is currently the largest of all existing or under ...

---

Romania's solar energy market set for rapid growth in 2025

Feb 6, 2025 · Romania is set for a significant expansion in the photovoltaic sector in 2025, driven by funding programs such as Casa Verde and RePower EU, the liberalization of energy prices, ...

---

LONGi and Enexus consolidate partnership with 300 MW module ...

Sep 16, 2025 · LONGi today proudly announced a significant strategic partnership with Enexus, a dynamic and investor focused EPC company specializing in the rapid execution of mid to large ...

---

Photovoltaic development in Romania. Reviewing what has ...

Oct 1, 2018 · It can be observed that the distribution in Fig. 13 is in accordance with the global irradiation and the solar electricity potential for optimally-inclined photovoltaic modules in ...

---

LONGi and Solarpro cooperate on largest Romanian PV ...

Dec 22, 2024 · Solar module manufacturer LONGi has signed on to supply a new Romanian photovoltaic plant being built by Solarpro - a leading European O& M and EPC contractor of ...

---

Best Solar Panel Manufacturers in Romania

Oct 13, 2024 · Absolutely! Romanian solar panel manufacturers are known for their quality and innovation, making them competitive on the global stage. What incentives are available for ...

---

Astronergy signs 200MW Romanian TOPCon ...

Apr 17, 2023 · PV manufacturer Astronergy has signed a deal with Romanian energy company EXIMPROD Grup to supply 200MW of TOPCon modules.
