Solar Air Conditioner Wholesale

Overview

What is solar air conditioner?

Solar air conditioner is a type of air conditioning that use solar energy to cool the air. It is a modern solution to stay cool in summers while reducing both your energy expenses and carbon footprint.

What is a pure solar air conditioner?

A pure solar air conditioner has a DC air conditioner that connects to a few solar panels and batteries. Unlike hybrid solar air conditioners, pure solar air conditioners usually have one or two more solar panels. As for the batteries, it is depending on how long the DC air conditioners need to run without the power from the solar panels.
