Solar powered portable outlet in Monaco

Overview

What do Monaco electrical outlets look like?

When you are going on a trip to Monaco, be sure to pack the appropriate travel plug adapter that fits the local sockets. But what do those electrical outlets look like?

In Monaco, types C and E are the official standards. Since type F plugs are identical to type E plugs, they can also be used with French type E sockets.

What type of plug is used in Monaco?

The power plugs and outlets used in Monaco are the types E and F plugs. Type E plug has two round pins and a hole for the earth pin. The type F plug known as the Schuko has two round pins with earth clips on each side. What is the voltage and frequency in Monaco?

The standard voltage and frequency in Monaco are 230 V and 50 Hz.

What is the voltage in Monaco?

Just like the rest of Europe, the voltage in Monaco is 230 volts and the frequency is 50 Hz. As the economy of Monaco is deeply intertwined with France's economy, it is no wonder that Monaco almost always follows French standards. Wall outlets and plugs are no exception. Monaco has standardized on type E sockets and plugs.

Can I use a Type C or F plug in Monaco?

Wall outlets and plugs are no exception. Monaco has standardized on type E sockets and plugs. Type C and type F plugs can also be used thanks to their compatibility with type E sockets. However, it is not permitted to install type C nor type F wall outlets. But why is that?
