

# **South Korean 120kW Folding Container**

## Overview

---

What is a reusable folding steel intermediate bulk container (IBC)?

FOLDPAC is a reusable folding steel Intermediate Bulk Container (IBC). It is a logistics device designed to efficiently transport and store liquid products, rubber products, and small-sized machinery parts. It is optimized for loading into maritime containers and is suitable for global exports and imports.

What is a solar panels on shipping container?

It not only transports the PV equipment, but can also be deployed on site. It is based on a 10 - 40 foot shipping container. Efficient hydraulics help get the solar panels ready quickly. Due to its construction, our solar panels on shipping container offers unmatched flexibility and maneuverability.

How long does it take to ship a solar container?

Standard solar container models can be manufactured and ready to ship in as little as 4-6 weeks. Customized configurations can take up to 8-10 weeks, with shipping times varying by destination. Do you offer after-sales support for mobile solar PV containers?
