

FTMRS SOLAR

Spanish solar water pump manufacturer

Overview

Who makes solar water pumps?

WBS began producing water pumps in 1998. In 2008, we independently developed and produced solar water pumps. We have OEM production for more than 200 solar pump dealers around the world. Over the past 10 years, we have produced more than 150,000 sets of solar water pumps that have been exported to other parts of the world.

What should you consider when exploring the pump industry in Spain?

When exploring the pump industry in Spain, several key considerations are essential. Firstly, understanding local regulations is critical, as compliance with European Union standards on safety and environmental impact can significantly affect operations.
