

# **Supplier of 600kW collapsible containers for tourist attractions**

## Overview

---

What is a collapsible shipping container?

Shippers are demanding improved efficiencies and sustainability throughout their supply chains. COLLAPSECON is the collapsible shipping container pioneering the future of global trade. It's practical and rigid design saves on space, cost and handling, and helps to significantly reduce industry emissions.

How many containers can a collapsecon hold?

COLLAPSECON's innovative and fully automated design allows up to 4 containers to be collapsed and combined, giving them a fully laden weight and enabling them to be transported anywhere on a ship. 1/6 COLLAPSECON collapses horizontally, ensuring the container maintains its structural rigidity in any form.

How many foldable containers can a 40ft container load?

One 40ft container can load 8-10 sets foldable containers. The base plate of foldable container is made of thicken-high quality galvanized steel, and the sidewalls is using high strength polyurethane insulation board, thermal insulation. Seamless splicing of the container body, strong sealing. You can install these foldable containers easily.

Is a foldable container a good choice?

The foldable container is a good choice whether it is used as a residential house or an office. Robust, safe and affordable. Thanks for the good service.
